

**Remarks**

In the Notice of Allowance dated July 14, 2005, the drawings were objected to because descriptive labels other than numerical are needed for Figures 1-5, see 37 CFR 1.84(o). Claim 15 was objected to because of informalities.

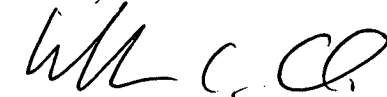

Applicants submit, herewith, five sheets of drawings to replace the original five sheets. In the drawings the components have been labeled as suggested by the Examiner. Furthermore, applicants amended the specification to include all of the reference numbers in the drawings. Applicants have also amended claim 15 as suggested by the Examiner and changed "data carrier" to "computer readable medium". No new matter has been added.

**Conclusion**

Entry of the present amendment is respectfully requested.

Respectfully submitted,
